OVERVIEW

ALL NATIONS
INTERNATIONAL
reaching the neglected globally - the least, the last, and the lost

Rural Japanese people living in the northern part of Japan are almost completely unreached with the Gospel. It is estimated that there is only one missionary to 30,000 unreached in the rural areas. Even among those missionaries, many are soon to retire. In this specific area in Japan, the number of Jesus-followers is less than one percent. A new thrust of missionaries is greatly needed to serve the Japanese people there.

The Miller* family with All Nations has been serving in the north for three years. Their outreach efforts have focused on the local community through different events and working with other local churches. In their experience, sometimes they are the first ones to share God's Word with the people. Many, however, remain in bondage to their idol worship.

PRAYER POINTS

For the rural Japanese people, please pray for ...

- healing and freedom from brokenness, as many are effected by suicides, abuse, and broken homes
- them to know there is more to life than work/school
- them to know the comfort and acceptance that comes through following Jesus

For the Miller* family, please pray for ...

- sustaining grace, given their limitations with other missionaries
- their struggles with loneliness and being the only believers
- continual filling with the Holy Spirit
- strength and joy during the tough times
- more workers to join them in serving the Japanese people
- for their children, who are growing up in an environment very different from their homeland
