# NDAU PEOPLE

*Join us in praying for this neglected people group!*

**SOUTHEASTERN  
AFRICA: Mozambique**

- *Total Population:* 1,180,000
- *Language:* NdaU, Shona (secondary)
- *Main Religion:* Animism, Ancestral worship

The Ndau are known for being herbalists and skilled in black magic. Many fear their curses. They live in very rural parts of Mozambique where the Mozambican National Resistance (RENAMO) rebel groups have always lived. They are considered engaged with the Gospel but unreached. Most of the Christians are outsiders who prefer living in nearby cities.

Since July 2023, All Nations' fieldworker Raymond\* and his team have been building relationships with the Ndau. They are focusing on evangelism, discipleship and business initiatives for self-sustainability. Their hope and vision are to see total spiritual transformation, disciples being made, churches and businesses planted, and church movements ignited.

## PRAYER POINTS

*For the Ndau people, please pray for...*

- them to be released from black magic
- them to put their trust in the Holy and loving Savior, rather than the spirit world
- the Ndau disciples to make disciples who make more disciples
